Dear Mr. Temple:

Thank you for your completed forms, MR-1 and MR-2, for Filtrol Corporation's open pit clay mine, on Sec. 28, T. 14 S., R. 1 W., in Juab County, Utah.

I want to direct your attention to a possible oversight on your attachment to the forms. Under "Grading and Regrading", category "A", which refers to an attached map and section of grading. This was not included in the materials with your forms.

Please forward this information to me so that the field inspection can be performed on this mine and final approval obtained for your operation.

Sincerely,
